It seem that this spirit has had a good college career and will doubtless profit by foreign training. But there are no foreign studentships available at present when the system of deputation under the rules of 1915 can be continued under the present financial stringency, especially now that the new furlough rules have been introduced

Office of the Deputy Commissioner,
Chitaldrug District.
Dated Chitaldrug, 19th December 1922.

From

A. K. Syed Taj Peeran Esquire, B.A.,
Deputy Commissioner,
Chitaldrug District.

To

K. Matthan Esquire, B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e.

Sir,

In forwarding herewith the application of Mr. Ismail Sheriff, B.A., Treasury Assistant Commissioner, praying that he may be sent to England on deputation or granted a foreign scholarship for further study in any of his subjects Viz., Economics, Politics, Philosophy or for specializing in public administration at the London University or in Police Organization in Scotland. I have the honor to state that as Mr. Ismail Sheriff has given abundant proof of possessing character and capacity of a high order, it will be an advantage both to himself and the country if he is sent to England on deputation or with a scholarship as prayed for by him for improving his knowledge by higher studies or specialization in one of the subjects referred to in his application and I would therefore strongly recommend his application for favourable consideration and orders of Government.

I have the honor to be,

S I R,

Your most obedient servant,

Deputy Commissioner,
Chitaldrug District.

Sir,

With due deference and humble submission I beg to submit this humble application for the kind and gracious consideration of the Government:-

I belong to a most respectable Muslim family, many of whose members have held high and distinguished situations in the Mysore Civil and Military Service and have rendered meritorious services. I am a Mysorean by birth, education and associations. My educational career, as will be seen by the enclosed copies of my testimonials from some of my Professors and teachers, has been considered one of the most brilliant and distinguished ones. Perhaps it is not necessary to state here that I am the first member of the Muslim Community to have competed for the Mysore Civil Service examination and to have been fortunate enough to get a place in it through the kindness of His Highness the Maharajah.

My career in the state service also has a good record so far. It has always been my highest ambition to qualify myself to the best of my abilities in order to serve best my country and my sovereign. I have always felt a sense of incompleteness in my studies and it has been my humble desire that I should further study and qualify myself by going to England for further study in any of my subjects, or in Public Administration, or to undergo a course of training in Police Organisation in the Scotland Yard.

Under the circumstances, I humbly beg to request that I may kindly be recommended for being sent to England on deputation or for being granted a foreign scholarship for further study in any of my subjects.

Economics, Politics, Philosophy, or for specialising in Public Administration at the London University or in Police Organisation at the Scotland Yard, as it seems best to Government at an early date.

Earnestly hoping that this application will meet with the kind approval and support of the benign Government of His Highness the Maharajah.

I beg to remain

sir,

your most obedient servant

Mohammad Sharif

Treasury Assistant Commissioner,

Maharaja's College, Mysore.

Dated, the 5th February 1922.

Mr.Mohamed Ismail Sheriff, B.A., Assistant Commissioner, joined the Maharaja's College in July 1915 to study for the B.A., Degree. As the appended list will show, his career was all through the four years an exceptionally brilliant one. He very soon attracted the attention of his Professors by his ability, industry and pleasant manners. At the University Examination, he obtained a First Class in English as well as in the Optional subjects, and obtained the H. Ramanujiengar Medal as the best student of the year from the Maharaja's College.

He joined the M.A., Class in Economics and Political Science after graduation and soon after was appointed Tutor in English, the duties of which appointment he discharged with ability and thoroughness. He competed at the Mysore Civil Service Examination of 1919 and his splendid performance there won for him one of the five places offered for competition.

After his appointment as Probationary Assistant Commissioner, I have met him from time to time and it has been a great pleasure to notice how he has been realising the rich promise of his College days.

It has been a privilege to have had some share in developing the talents and personality of so gifted an individual, and I desire to say that all along I have had the very highest opinion of Mr.Sheriff's ability and character, which has not required the least modification these seven years. I have complete confidence that as years bring increasing opportunities and responsibilities, his capacity to meet them with credit to himself and satisfaction to those interested in him will increase in greater measure. Mr.Sheriff is worthy of being placed in any position that requires great ability, industry and above all, an earnest and high-minded personality.

Mr. M. Ismail Shoriff was a student in the Maharaja's College, Mysore and took a first class in the Intermediate (Madras) Examination and a first class in the final B.A., (Mysore University). His academic record shows his success as a student and his conduct was always quite satisfactory. He impressed his Professors as being a conscientious and sincere student. I feel confident that he will have a distinguished career in the Civil Service, to which he has gained entrance in open competition.

Mr.Mahomed Ismail Shoriff graduated in 1919 from this College. He was known to me as a student of the third year B.A., class and since then I have come into closer contact with him through his work as Tutor in English. He is a man of conspicuous and consistent work. His class work was always distinguished and in the B.A.,Examination he obtained a first class in English - a distinction very hard to gain. His success in the Mysore Civil Service Examination has made a career for him and I believe that his ability, combined with his absolute reliability, will lead to the greatest usefulness in the service of the State.

I have much pleasure in certifying to the merits and attainments of Mr.Ismail Sheriff B.A., now an I.C.S., whom I knew intimately during the period of my connection with the University of Mysore. From what I know of his work as a student, I was convinced he was easily one of the cleverest students I came across in Mysore and felt sure of a bright future for him. I am happy to find that the promise of his youth has been now partially justified by his success at the I.C.S. Examination but I think he can win SO much higher distinctions in advanced studies at Oxford or Cambridge if he is sent there by the Mysore Government. He may then come out fully qualified for a Professorship in the Mysore University. I wish him all prosperity and success.

Maharaja's College,
Mysore, 20th March 1920.

Mr. Mahomed Ismail Sheriff B.A., was a student of my Philosophy classes in the years 1918 and 1919. He obtained a first class in all the parts of the B.A., Degree Examination of April 1919. In November 1919, he appeared for the I.C.S., Examination and obtained the fifth place which got him the appointment of a Probationary Assistant Commissioner. His distinguished record is a clear proof of his exceptional ability.

In all my dealings with him, I found him to be a modest young man of refined manners and good character with habits of application and industry. I am confident that his distinctive qualities will help to make a thoroughly efficient officer of the State.

Mr. Mahomed Ismail Sheriff studied Philosophy Group II under me for two years (1917-19). I always found him a very conscientious industrious student of Philosophy. His answers invariably displayed a fine grasp of the subject. Altogether he was always far above the average, and the 1st class which he secured at the B.A., Examination last year was a foregone conclusion.

I am very happy to find he has secured a place in the Mysore Civil Service through an open competitive Examination. I am sure he will prove an honest and intelligent administrator. I wish him every success in his future career.

March 29th, 1922.

The bearer, M. Ismail Sheriff, was a student in the IV, V and VI Forms of the Wesleyan Mission High School, Mysore, during the three years 1912-15. I was in charge of the school at that time, and am glad to express my high opinion as to his character and ability. I always found him thoroughly gentlemanly and well-behaved and have nothing but pleasant memories of my association with him, whether in school or out. He was a diligent and exceptionally successful student, winning the Form Prize in the IV, Form, the first History and English prizes in the V Form and the first science and English Prizes in the VI Form. The last named is the Dasappa Memorial Prize, the most valuable the school has for competition. He has continued his successes since leaving and is an old student of whom we are proud.
